Early Life and Artistic Foundations (1966-1980s)

Beginnings and Influences

Imi Knoebel was born in 1940 in Dessau, Germany, a city historically linked to Bauhaus design and modernist principles. His early exposure to the Bauhaus legacy, coupled with his studies at the State Art School in Düsseldorf, laid the groundwork for his future explorations in geometric abstraction and minimalism.

During this initial phase, Knoebel experimented with various mediums—primarily painting and printmaking—focusing on simple geometric shapes and monochromatic palettes. This period reflects a fascination with the purity of form and the exploration of visual perception, themes that would become central throughout his career.

Key Works from 1966-1980s

- Early Geometric Paintings: Characterized by clean lines and precise shapes, often monochrome or limited palettes.
- Experimental Prints: Utilizing screen printing techniques to explore color relationships and layering.
- Influence of Concrete Art: His early works echo the principles of concrete art—art based purely on geometric and mathematical structures, devoid of expressive or emotional content.

Development and Maturation (1980s-1990s)

Transition to Installations and Large-Scale Works

In the 1980s, Knoebel's practice expanded beyond traditional painting. He began creating large-scale installations, often involving shaped canvases, painted wood panels, and dynamic arrangements that engaged viewers spatially and perceptually.
