Equity Financing

- Involves raising capital through the sale of shares in the project or company.
- Investors gain ownership stakes and share in profits.
- Suitable for large-scale projects or companies seeking growth capital.

Debt Financing

- Borrowing funds via loans or bonds.
- Requires repayment with interest over time.
- Common sources include commercial banks, development banks, and bond markets.

Green Bonds

- Fixed-income securities specifically earmarked for environmental projects.
- Provide access to a broad investor base.
- Offer competitive interest rates and long maturities.

Public-Private Partnerships (PPPs)

- Collaboration between government entities and private investors.
- Share risks, costs, and benefits.
- Facilitate large-scale infrastructure projects.

Government Grants and Subsidies
