- Policy Evaluation
- Policy Change

This model helps students and practitioners understand how policies evolve over time and how various actors influence each stage.

Multiple Streams Framework

Actors in the Policy Process

The book emphasizes the roles of:

- Government officials and agencies
- Elected representatives

Policy Subsystems and Networks

Dye introduces the concept of policy subsystems—specialized groups of actors who focus on specific issue areas—and policy networks that facilitate information flow and consensus-building.

Rationality and Incrementalism

The book explores different approaches to policymaking:

Current Challenges and Future Directions in Public Policy

Globalization and Policy Interdependence

The interconnectedness of economies and societies means domestic policies are increasingly influenced by international forces, requiring policymakers to adapt.

Emerging technologies impact policy areas such as privacy, security, and information dissemination, posing new regulatory challenges.
